PROFESSIONAL SUMMARY

Frontend and Full Stack Developer with 2 years of professional experience building responsive, production-ready web applications using React.js, Next.js, TypeScript, JavaScript, and Tailwind CSS. Skilled across the full stack with Node.js, Express, REST APIs, and SQL databases, with a strong focus on clean UI/UX, reusable component architecture, and scalable frontend systems. Proven track record delivering client websites and custom features across Shopify, WordPress, and GoHighLevel. Currently completing a Master's in Technology at the University of Central Missouri and seeking frontend or MERN/full-stack engineering roles.

TECHNICAL SKILLS

Languages: JavaScript, TypeScript, Python, SQL, HTML5, CSS3

Frontend: React.js, Next.js, Tailwind CSS, Bootstrap

Backend: Node.js, Express.js, REST API Integration

Web & UI Concepts: Responsive Design, UI/UX Principles, Component-Based Architecture, DOM Manipulation

Platforms: WordPress, Shopify, GoHighLevel

Developer Tools: Git, GitHub, VS Code, cPanel, Figma

AI-Assisted Development: Claude Code, Codex, Cursor

PROFESSIONAL EXPERIENCE

Revvlift

Nov 2023 – May 2024

Web Developer / Software Engineer

India

- Designed, developed, and maintained responsive websites using HTML5, CSS3, JavaScript, and Bootstrap, improving cross-browser compatibility and mobile usability for client-facing pages.
- Customized Shopify, WordPress, and GoHighLevel websites by modifying themes, layouts, and UI components, while implementing new features aligned with business and user needs.
- Integrated third-party tools, optimized site performance, and supported testing, debugging, domain updates, and A/B-focused improvements to strengthen functionality and engagement.

Staffigo

Oct 2022 – Oct 2023

Web Developer / Software Engineer

Chennai, India

- Developed dynamic and responsive web interfaces using HTML, CSS, JavaScript, and Bootstrap, translating project requirements into functional and user-friendly pages.
- Managed website deployment and hosting operations through cPanel, including domain configuration, email setup, and database connectivity for reliable delivery and maintenance.
- Performed troubleshooting, UI updates, feature enhancements, and performance monitoring in a team environment, helping deliver projects on schedule with consistent quality.

PROJECTS

SaaS Customer Support Dashboard | *Next.js, React, TypeScript, Tailwind CSS, Node.js, Express, Prisma, MySQL* GitHub

- Built a production-style SaaS support platform with JWT authentication, role-based access control (RBAC), full ticket CRUD, analytics, and an audit trail, plus search, filter, sort, and pagination across a fully responsive UI.
- Implemented type-safe forms and validation using React Hook Form and Zod, and accelerated development using AI-assisted tooling (Claude Code) for scaffolding, refactoring, and debugging across the full stack.

AI Website Growth Agent Platform | *Next.js, TypeScript, Prisma, PostgreSQL*

GitHub

- Developed an AI-powered SaaS platform that generates landing page content, with a dashboard for search and filtering, saved page cards, editable content, live preview rendering, a regeneration endpoint, and HTML export.
- Structured the project as deployment-ready with seed data and a clean full-stack architecture, using AI-assisted tooling (Codex) to speed up feature development, API integration, and iteration.

AI Chat Bot | *React.js, Tailwind CSS, JavaScript, Vite, puter.ai API*

GitHub

- Built a responsive AI-powered chat application using React.js, JavaScript, and Tailwind CSS, featuring a clean conversational interface, real-time interactions, organized message display, smooth scrolling, and mobile-friendly layouts.
- Integrated a third-party AI API to process prompts and generate dynamic responses, implementing loading states, input validation, reusable components, response rendering, and async state management for usability and maintainability.

EDUCATION

University of Central Missouri

Aug 2024 – May 2026

Master's in Technology

Warrensburg, Missouri, USA

Karunya University

Jun 2018 – Jun 2022

B.Tech in ECE

Coimbatore, India
